AMERICAN SOCIETY OF AGRICULTURAL ENGINEERS

ST. JOSEPH, MICHIGAN

A

Abu-Gheida, O. M.
Pneumatic tree-fruit harvesting utilizing a pulsating air stream Part II ... 458
Aerodynamic properties of seed grains 216
Agricultural engineering: its role in land-grant college system ... 693
Aircraft, Spray pattern analysis and evaluation of deposits from agricultural ... GT 49
Allen, William S.
Design of farm feed processing systems ... GT 151
Allis, John A.
Comparison of storm runoff volumes ... 220
Allred, E. R.
Effect of wind resistance on rotational speed of boom sprinklers (A theoretical analysis) ... GT 218
Operating performance of a boom sprinkler (A field study) ... GT 220
Aluminum roofing nails, Forces on ... 72
AMERICAN SOCIETY OF AGRICULTURAL ENGINEERS
ASAE Participates in visiting engineer program ... 163
New ASAE Research director appointed ... 331
Agricultural engineers — their heritage and future ... 387
Publication policies of ASAE ... 449
ASAE Annual meeting board action 509
AE Exposition tops 1961 record ... 569
Agricultural engineering: its role in land-grant college systems ... 693
Ammonia losses and distribution in tillage application, Anhydrous ... GT 231
An automatic weighing lysimeter ... 580
Andrews, R. G.
Central technical-unit method of hydrograph development ... GT 180
Anhydrous ammonia losses and distribution in tillage application GT 231
An inexpensive water-stage recorder ... 224
Anstee, L. L.
Direct harvesting of dry beans ... 694
Anti-sedimentation device for measuring flumes ... 648
Atomic tractor, Operator's accessory suit for ... 50
Auger conveyor operation, Dimensional analysis of ... GT 98
Automatic control ... 394
Automatic detection of blood in eggs ... 154
Automatic plastic-levee building machine ... 588
Automatic tractor steering ... 332
Continued ... 407
Award winners, The 1962 ASAE ... 410

B

Backfill materials for tile drains, Effectiveness of (A symposium) ... GT 54
Baker, C. L.
Correlation of laboratory and field testing ... GT 226
Barden, R. D.
Paved feedlots for livestock ... 274
Barrett, J. R. Jr.
Effect of gas plasma radiations on cotton yarn ... GT 46
Bartlett, H. D.
Forces on aluminum roofing nails ... 72
Mechanical egg packing ... 272
Baumann, E. R.
Detention vessels for water chlorination ... 276
Beams for light frame and pole construction, Built-up ... GT 147
Beasley, R. P.
Flow of colloidal suspensions through porous media as related to reservoir sealing ... GT 160
Terrace channel design using spatially varied flow and tractive force theories ... GT 190
Beaty, H. H.
Medium-pressure pneumatic feed conveying ... 572
Bench terrace, Evaluation of Zingg conservation ... 462
Berns, D. K.
Cumulative damage used to analyze tractor final drives ... GT 139
Berry, I. L.
Terrace channel design using spatially varied flow and tractive force theories ... GT 190
Bianchi, W. C.
An inexpensive water-stage recorder 224
Measuring soil moisture tension changes ... 398
Bibliography of publications on tractive and transport efficiency research ... GT 135
Bilanske, W. K.
Aerodynamic properties of seed grains ... 216
Bingley, G. W.
Mechanized cucumber harvesting ... 22
Bittinger, M. W.
Theoretical distribution of water from a moving irrigation sprinkler ... GT 26
Black, R. D.
Discharge ratings of a drop inlet for a small farm pond ... GT 210
Blind inlets, Field evaluation of flow through ... GT 58
Blinding materials, Field evaluation of tile drains laid with organic ... GT 61
Blood in eggs, Automatic detection of 154
Bond, T. E.
Livestock shelter design ... 704
Bondurant, J. A.
Surface irrigation through automatic control ... 20
Borchelt, M. C.
Lower-link sensing in implement hitches ... 450
Border ditch and border dike irrigation ... GT 192
Bowers, Wendell
Pressure losses in plastic tubing and fittings ... 26
Box-beam type, one-hinged, rigid frame for farm buildings ... 710
Boyd, L. L.
Dimensional analysis of auger conveyor operation ... GT 98
Braud, H. J. Jr.
Forced convective cooling of inclinded metal-roof surfaces ... GT 38
Correction ... 549
Brown, H. M.
Grain drill design from an agronomic standpoint ... GT 8
Browning, D. R.
Hydraulic self-propelled forage plot harvester ... 270
Brownscombe, Ralph H.
Field evaluation of tile drains laid with organic blinding materials GT 61
Bruce, R. R.
Design for automatic movable plot shelter ... GT 212
Bruwer, J. J.
Effect of tractive-force variation on rhythmic chassis movements of a wheel-type tractor ... GT 114
Buchele, W. F.
Mechanized cucumber harvesting ... 22
Buelow, F. H.
Solar energy collector design ... GT 1
Building construction, A one-hinged frame for light ... GT 86
Buildings, Instrumentation for structural evaluation of full-scale ... 280
Built-up beams for light frame and pole construction ... GT 147
Buras, Nathan
Dynamic programming methods applied to watershed management problems ... GT 3
Butler, B. J.
Anhydrous ammonia losses and distribution in tillage application ... GT 231

C

Cannell, Glen H.
Irrigation efficiency as it influences water requirements of crops ("Water Requirements of Crops" SP-SW-0162)
Central technical-unit method of hydrograph development ... GT 180
Chain drives in farm machinery, Sprocket design for ... GT 6
Chancellor, William J.
Formation of hay wafers with impact loads ... 136
Laboratory measurement of soil compaction and plastic flow ... GT 235
Soil deformation beneath surface loads ... GT 240
Channels, Stabilized ... 76
Channel stabilization, Soil-cement for 402
CHECK POINTS
"Scramble, 1970" ... 44
On call ... 106
1964 in 1961 ... 172
Yearbook — committees — publications ... 242
A page charge for transactions? ... 306
Highlights of the society year 1961-62 ... 362
Publications progress ... 426
Some responsibilities of professional service ... 544
ALPHABET SOUP — with a professional flavor ... 594
On career guidance ... 672
On public relations ... 722
Chichester, C. O.
Freeze-drying of foods ... 78
Chlorination, Detention vessels for water ... 276
Chu, P.
Aerodynamic properties of seed grains ... 216
Claycomb, R. S.
Envelope circulation for potato storages ... GT 214
Collector design, Solar energy ... GT 1
College-industry conference in February ... 19
Collins, S. H.
Aerodynamic properties of seed grains ... 216
Colloidal suspensions through porous media as related to reservoir sealing, Flow of ... GT 160
Comparative drying rates of naturally moist, remoistened, and frozen shelled corn ... GT 64
Comparison of level and graded terraces in the southern high plains, A ... GT 75
Comparison of storm runoff volumes ... 220
Concrete pipeline for irrigation pumping plants, Economic design of ... 82
Constantakis, G. V.
Tractive characteristics of radial-ply tires ... GT 108
Construction, Built-up beams for light frame and pole ... GT 147
Construction of dams on tidal rivers ... GT 82
Consulting agricultural engineers ... 19
Control, Automatic ... 394
Conveying, Medium-pressure pneumatic feed ... 572
Cooler for production-scale operation, Vacuum ... 86
Cooling of inclined metal-roof surfaces, Forced convective ... GT 38

Cooling of laying hens in cages, Evaporative ..... GT 156
Corn, Design criteria for irrigating 336
Cotton yarn, Effect of gas plasma radiations on ..... GT 46
Correlation of laboratory and field testing ..... GT 226
Cox, M. B.
Evaluation of Zingg conservation bench terrace 462
Crawford, W. B.
Mechanical egg packing 272
Cucumber harvesting, Mechanized 22
Cumulative damage used to analyze tractor final drives ..... GT 139
Curry, R. B.
Flow of colloidal suspensions through porous media as related to reservoir sealing ..... GT 160

D

Dams on tidal rivers, Construction of ..... GT 82
Daniel, Elmer R.
Ultraviolet bacterial disinfection of domestic water supply 344
Decker, R. W.
Electronic seed counter 346
Deflection of a moving tire on firm to soft surfaces ..... GT 116
Design, A peanut sheller for grading samples: an application of statistics in ..... GT 42
Correction 549
Design capacity for irrigation systems 522
Design criteria for irrigating corn 336
Design for automatic movable plot shelter ..... GT 212
Design of farm feed processing systems ..... GT 151
Design of gravel packs for wells ..... GT 197
Detention vessels for water chlorination 276
Development and design of a ten-foot mower 208
Device for remote measurement of flow depths in shallow streams 290
Dickens, J. W.
A peanut sheller for grading samples: an application of statistics in design ..... GT 42
Correction 549
Diffusion of water vapor in frame wall construction ..... GT 78
Dimensional analysis of auger conveyor operation ..... GT 98
Direct harvesting of dry beans 694
Discharge ratings of a drop inlet for a small farm pond ..... GT 210
A discussion of performance characteristics of radial-ply tractor tires ..... GT 113
Diseker, E. G.
Erosion rates and control methods on highway cuts ..... GT 153
Disinfection of domestic water supply, Ultraviolet bacterial 344
Distribution of water from a moving irrigation sprinkler, Theoretical ..... GT 26
Dodds, M. E.
Fungicide application by farm-type seed treaters 340
Donnan, W. W.
Plastic-lined mole drains 512
Doubt, Paul D.
Stabilized channels 76
Doyle, D. V.
Built-up beams for light frame and pole construction ..... GT 147
Drainage problems in western irrigated areas, Interpretative soil groupings for analysis of ..... GT 103
Drains, Plastic-lined mole 512
Drier design, Summaries of wet-bulb temperature and wet-bulb depression for grain ..... GT 186
Drill design from an agronomic standpoint, Grain ..... GT 8
Drives, Cumulative damage used to analyze tractor final ..... GT 139
Drives for tractors, Hydrostatic 570
Drop inlet for a small farm pond, Discharge ratings of a ..... GT 210
Drying an ear of corn, Temperature distribution and moisture movement while ..... GT 168
Drying hay with infrared radiation 204
Drying rates of naturally moist, remoistened, and frozen shelled corn, Comparative ..... GT 64
Drying, Theory of infrared ..... GT 14
Durability characteristics of radial-ply tractor tires ..... GT 111
Dyer, Clarence A.
Automatic control 394
Dylla, A. S.
Plastic membrane tanks for evapotranspiration determinations 584
Dynamic programming methods applied to watershed management problems ..... GT 3

E

Early volumes of AGRICULTURAL ENGINEERING available 225
Eby, Harry J.
Manure lagoons — design criteria and management 698
Economic design of concrete pipeline for irrigation pumping plants 82
EDITORIALS
Bouquets in order 15
ASAE winter meeting board action 65
Putting public relations to work for agricultural engineers 135
The future of university and industry research 203
Engineering education — forecasts and trends 269
New ASAE research director appointed 331
Agricultural engineers — their heritage and future 387
Publication policies of ASAE 449
ASAE annual meeting board action 509
AE exposition tops 1961 record 569
Subsistence farming — a new look 631
Agricultural engineering: its role in land-grant college system 693
Education — forecasts and trends, Engineering 269
Effect of gas plasma radiations on cotton yarn ..... GT 46
Effects of inflation pressure, load, and drawbar pull on axle height and rolling radius of six tires ..... GT 125
Effect of tractive-force variation on rhythmic chassis movements of a wheel-type tractor ..... GT 114
Effect of wind resistance on rotational speed of boom sprinklers (a theoretical analysis) ..... GT 218
Effect of wood preservatives on expansion of lumber 400
Effectiveness of backfill materials for tile drains (a symposium) ..... GT 54
Egg packing, Mechanical 272
Eggs, Automatic detection of blood in 154
Electric dairy water heater 454
Electric heat, Nursery stock production with 702
Electrification in Great Britain and Ireland, Rural 518
Electronic seed counter 346
Engineering education — forecasts and trends 269
Engineering, Total-agriculture concept of agricultural 541
Engineers — their heritage and future, Agricultural 387
England, C. B.
Evapotranspiration research in western North Carolina 526
Envelope circulation for potato storages ..... GT 214
Erie, Leonard J.
Evaluation of infiltration measurements ..... GT 11
Erosion potential, Rainfall 212
Erosion rates and control methods on highway cuts ..... GT 153
Esmay, M. L.
Diffusion of water vapor in frame wall construction ..... GT 78
Measurement and analysis of peak human stresses in and around the farmstead 644
Box-beam type, one-hinged, rigid frame for farm buildings 710
Evaluation of infiltration measurements ..... GT 11
Evaluation of Zingg conservation bench terrace 462
Evans, D. D.
Influence of soil factors on the water requirements of crops ("Water Requirements of Crops" SP-SW-0162)
Evans, Norman A.
Methods of estimating evapotranspiration of water by crops ("Water Requirements of Crops" SP-SW-0162)
Evaporative cooling of laying hens in cages ..... GT 156
Evapotranspiration of water by crops, Methods of estimating ("Water Requirements of Crops" SP-SW-0162)
Evapotranspirometer, A weighing 160
Evapotranspiration research in western North Carolina 526

F

Fangmeier, D. D.
A device for remote measurement of flow depths in shallow streams 290
Farm tractor safety film 159
Farming — a new look, Subsistence 631
Farrall, Arthur W.
Putting public relations to work for agricultural engineers 135
Feed conveying, Medium-pressure pneumatic 572
Feedlots for livestock, Paved 274
Feed processing systems, Design of farm ..... GT 151
Fellowships, National Science Foundation 521
Field evaluation of flow through blind inlets ..... GT 58
Field evaluation of tile drains laid with organic blinding materials GT 61
Filter materials for tile drains in a medium sand — a laboratory comparison ..... GT 54
Flow depths in shallow streams, Device for remote measurement of 290
Flow of colloidal suspensions through porous media as related to reservoir sealing ..... GT 160
Flow through blind inlets, Field evaluation of ..... GT 58
Food engineering 510
Forage plot harvester, Hydraulic self-propelled 269
Forced convective cooling of inclined metal-roof surfaces ..... GT 38
Correction 549
Forces on aluminum roofing nails 72
Formation of hay wafers with impact loads 136
Forrest, P. J.
Tractive characteristics of radial-ply tires ..... GT 108
Fouss, J. L.
Plastic-lined mole drains 512
Frame for farm buildings, Box-beam type, one-hinged, rigid 710
Freeze-drying of foods 78

Freitag, D. R.
Measurement of soil trafficability characteristics ..... GT 121
Frost, K. R.
A weighing evapotranspirometer 160
Fruit harvesting, Pneumatic tree 388
Fruit harvesting utilizing a pulsating air stream — Part II, Pneumatic tree 458
Fryrear, J. I.
A one-hinged frame for light building construction ..... GT 86
Fuel efficiency improved, Tractor part-load 640
Fungicide application by farm-type seed treaters 340
Fungicides, Underground application of herbicides and 30
Future of university and industry research, The 203

G

Garton, James E.
Economic design of concrete pipeline for irrigation pumping plants 82
Geometric factors for thermal radiation exchange between cows and their surroundings ..... GT 31
Giese, Henry
Wind load reactions in open-front shelters 142
Correction 549
Gill, W. R.
Pressure distribution between a smooth tire and the soil ..... GT 105
Gordon, Mark W.
Electric dairy water heater 454
Graham, J. A.
Cumulative damage used to analyze tractor final drives ..... GT 139
Grain drill design from an agronomic standpoint ..... GT 8
Grape harvesting, Mechanical 66
Gravel packs for wells, Design of GT 197
Green, A. J.
Deflection of a moving tire on firm to soft surfaces ..... GT 116
Greiner, L. M.
Vacuum cooler for production-scale operation 86
Grout-surfaces, insulated, stressed-skin panels for farm buildings GT 165
Gunkel, W. W.
Direct harvesting of dry beans 694

H

Hahn, G. L.
Livestock shelter design 704
Hahn, R. H. Jr.
Paved feedlots for livestock 274
Hall, Carl W.
Theory of infrared drying ..... GT 14
Temperature distribution and moisture movement while drying an ear of corn ..... GT 168
Hall, Newman A.
Engineering education — forecasts and trends 269
Hanna, G. C.
Mechanical harvesting of tomatoes 16
Hansen, C. M.
Grain drill design from an agronomic standpoint ..... GT 8
Harbage, R. P.
Development and design of a ten-foot mower 208
Harden, Eldon A.
Mounted vs. semimounted plows for large tractors 516
Harper, J. C.
Freeze-drying of foods 78
Harrington, R. E.
Tractor seating for operator comfort 632
Harrison, D. S.
A high-low, all-purpose, self-propelled sprayer ..... GT 94
Hart, S. A.
Evaporative cooling of laying hens in cages ..... GT 156
Harvester, Hydraulic self-propelled forage plot 269
Harvesting, Mechanical grape 66
Harvesting of dry beans, Direct 694
Harvesting of tomatoes, Mechanical ... 16
Harvesting, Pneumatic tree-fruit 388
Hastings, W. H.
Processing sorghum grain ..... GT 96
Haugh, C. Gene
Pressure losses in plastic tubing and fittings 26
Hauser, Victor L.
Paraffin standards for neutron meter calibration 88
A comparison of level and graded terraces in the southern high plains ..... GT 75
Evaluation of Zingg conservation bench terrace 462
Hay wafers (See Wafers)
Hay with infrared radiation, Drying ... 204
Hayes, W. F.
Correlation of laboratory and field testing ..... GT 226
Haynes, Howard
Recording ultraviolet intensity meter 465
Heat tolerance indices ..... GT 34
Heater, Electric dairy water 454
Herbicides and fungicides, Underground application of 30
Hermsmeier, L. F.
Anti-sedimentation device for measuring flumes 648
Land forming: grade and bow-length studies in the Red River Valley ..... GT 172
Hienton, Truman E.
Rural electrification in Great Britain and Ireland 518
Highway cuts, Erosion rates and control methods on ..... GT 153
Hitches, Lower-link sensing in implement hitches 450
Hog-production system design 576
Holt, R. C.
The why of early failure of tractor intake valves ..... GT 182
How moisture and tillage affect soil cloddiness for wind erosion control 150
Huggins, L. F.
A microdifferential pressure transducer 529
Discharge ratings of a drop inlet for a small farm pond ..... GT 210
Human stresses in and around the farmstead, Measurement and analysis of peak 644
Humidity-moisture symposium 159
Humpherys, A. S.
Surface irrigation through automatic control 20
Shape factors for hydraulic design of lay-flat irrigation tubing ..... GT 175
Hurst, H. T.
Instrumentation required for structural evaluation of full-scale buildings 280
Hustrulid, Andrew
Comparative drying rates of naturally moist, remoistened, and frozen shelled corn ..... GT 64
Hydraulic conductivity of soils, Measuring saturated (SP-SW-0262)
Piezometer method
Auger hole method
Pomona well point method
Shallow well pump-in method
Cylinder permeameter method
Double tube method
Core sample method
Hydraulic self-propelled forage plot harvester 270
Hydrograph development, Central technical-unit method of ..... GT 180
